Scout Act Reforming

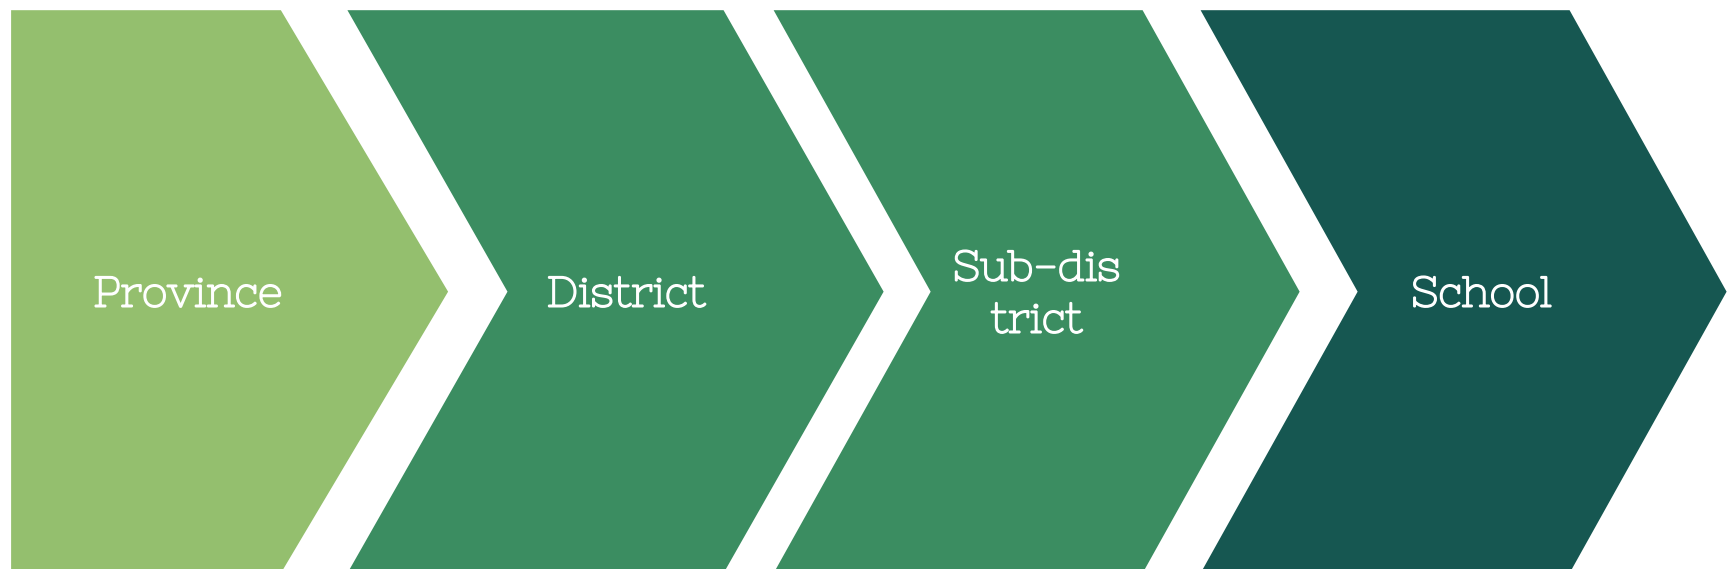

Explanatory Memorandum

The latest act of scout was enforced for so long. It was not conform to the change of administration of the recent Royal Thai government. Therefore legislation act drafting aims to specify structure responsibilities and power of Thai National Scout Council. The committee audit has to be set and assigned to follow examine and assess activities result as well as to improve management administration effectiveness and to improve budget management. All these activities happens in relate to international scout affair for the national development and harmony.

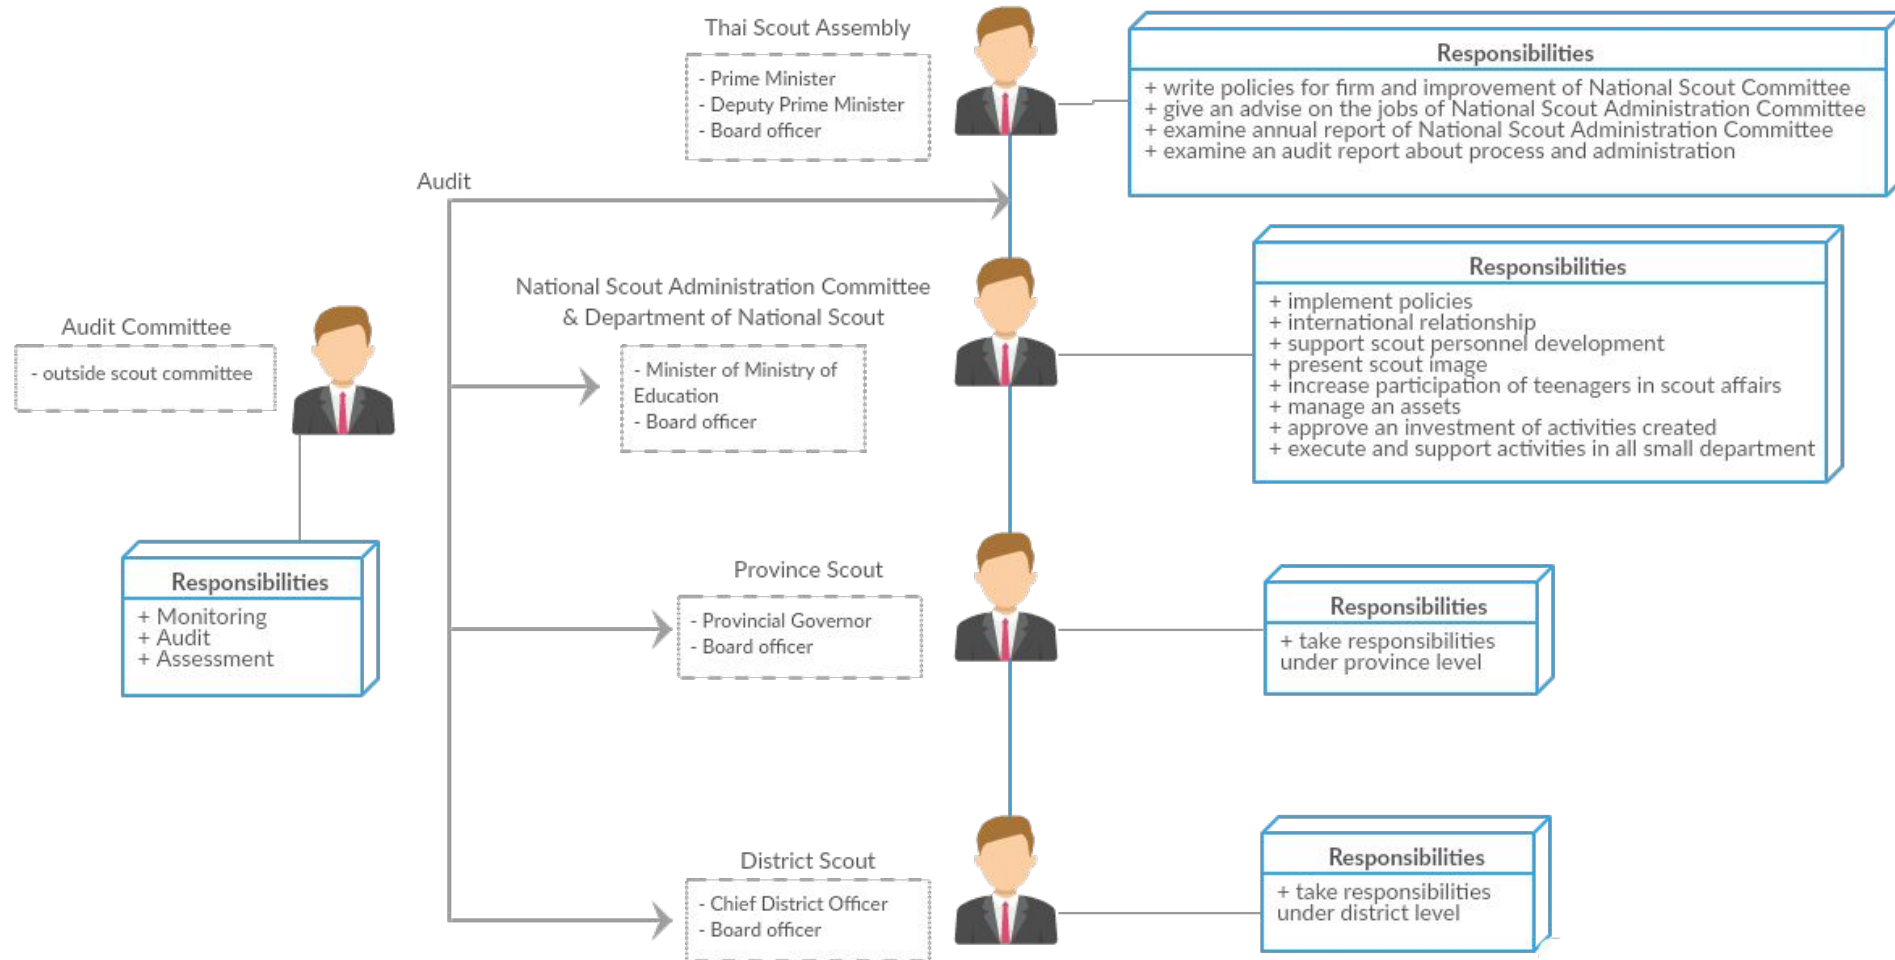

Decentralized the power

District Scout was newly defined to cover all the level of scouts in Thailand. This also includes scouts in Bangkok district to be more localize. Civil boy scout is added into scout crew in order that the boy scout act will become valid to all boy scout in the country.

Decentralized
